

The Anti-M Newsletter

October 15, 1993

If you're not on our mailing list, telephone list, or if your name or address information is incorrect or even if you just want to leave us a message, call the ANTI-M 24-Hour Hotline at (602) 230-4118

Before we even get started -- WE'D LIKE TO WELCOME ALL OF OUR NEWEST FRIENDS TO THE ANTI-M MAILING LIST! Thanks for signing up! Most of you recent subscribers joined up because of our October 2nd Demo Release Party, and we gave you our *Exhibit "A"* demo tape in return. We also had lots of people who were already on the mailing list show up, and as a result, we gave away quite a few tapes. By our count there are still a bunch of you who have not claimed your free tape, so just show up at our next show, and get in our face about it (*just bring a note from your parents explaining why you were absent for the Demo Party, and bring enough gum for everyone*).

Seriously, the Demo Party went *extremely* well for us, and we thank everyone who attended (or *intended* to attend). We're planning on doing quite a bit with the demo tape, so we'd like to hear your comments on it. Remember that our *hotline* is (602) 230-4118; just call us anytime and give us your comments. Our next release will be our CD later this year, and your input will help us to know how you'll feel about it. *Keep in mind that all of the demo songs plus five more will be on the CD.* Of course, we'll have an ANTI-M CD Release Party when everything is completed, so keep your eyes and ears open about it. Again, THANKS for making the ANTI-M Demo Release Party a HUGE SUCCESS!!!

On another subject, ANTI-M will soon be jamming to the tune of a different drummer! Before we explain that, we'd like to thank Roger for bailing us out (again), and for all of the assistance with the demo tape. The drummer issue has been stalling a lot of our efforts recently, but our prospects are finally looking pretty good. We aren't quite prepared to make a final announcement on this issue, but we'll probably determine who will perform with us at our NACA Showcase in Sacramento very soon. With luck, things will work out well and they'll be part of the band for good.

Speaking of NACA, this is our next scheduled show. And what a show it is! For those of you who are just now tuning in, *this showcase is expected to immediately lead to bookings at colleges throughout the far west and Hawaii.* We'll be performing our originals at all of these shows as the headlining act (in most instances), so this will be a major-cool step for ANTI-M.

Of course, we'll also be scheduling gigs here in Phoenix as much as we can so that you won't forget who we are. But forgetting us won't be easy, because you'll continue to get your newsletter each month. We'll try and detail some of the more humorous road stories with you as they occur (*let us know if we're being too explicit, ok?*).

'Till next time . . .

See Ya!

SHOOT ME

Words and Music by Mark Von Green
Copyright 1993 M-INTA HAIRFARMERS PUBLISHING

All that I wanted and all that I need
A sweet little woman to comfort me
Don't try and tease me when I come around
If you want to please me, don't shoot me down

You know you put me in a tailspin
Just when I finally got my head cleared
Seduction you were giving
I couldn't help but draw near

'Cause you lead me on all night
You know it just ain't right

Shoot me, shoot me
Why did you shoot me down?
Shoot me, shoot me down

Well, I only wanted a little piece . . .
Of your sweet conversation
But hot and cold relations
Turned your come-on to evasion

Whoa, 'cause you lead me on all night
You know it just ain't right
It just ain't right

Shoot me, shoot me
Why did you shoot me down?
Shoot me, shoot me down

Shoot me down
Turn around
And tell me that you love me
You had me beggin'
Why did you shoot me down

All that I wanted and all that I need
A sweet little woman to comfort me
Don't try and tease me when I come around
If you want to please me, don't shoot me down

(Repeat chorus)
